					Water						1			
1	Boats afloat for practice	Practice not permitted in Head format			Safety plan and instructions to competitors advise crews that practice sessions are not permitted	Send Safety plans to clubs and instruct them to inform their crews. Display safety plan.	Cold water immersion leading to mild hypothermia	2	В	Low	Х			
2	Boats returning to landing stage following faults	Marshalls to ensure boats are checked before launching for other hazards not part of scrutineering	Ensure crews are briefed on procedures for returning to landing stage	Collision with boats preeeding to start not expecting other traffic	Stewards will warn all crews of returning boats.	Ensure returning boats follow rules of the river	Collision	2	В	Low	х		x x	(
3	Boats afloat for racing	Coaches and crews must have read the Notes for Officials and Crews and be aware ofboating procedures before going afloat for racing.	Prepare and provide safety briefing and inform coaches and crews that they must read it.	Capsize or sinking during a race	Every race will be supervised by Marshalls.	Ensure that there are sufficient Officials have sufficient visibility upstream and doenstream, and understand their bondaries of responsibility.	Cold water immersion leading to mild hypothermia	2	С	Moderate	x	Х		
4				Collision or other emergency whislt boats are afloat	A fully equipped rescue launch manned by lifesavers is also in attendance at all times.	Ensure that there is sufficient safety cover. Check equipment prior to use.		2	С	Moderate	х			
5				Cox wearing incorrect lifekacket for style of boat	Coxes' life jackets checked by Officials prior to going afloat to race.	Ensure that Officials checking equipment have instructions and a checklist		2	С	Moderate			x x	(
6	Water Level/Flow/Debris	Conditions are assessed by Race Committee before each launch commences.	Brief crews if flows are high but manaegeable.	High or Low water levels, danger to boating	C&R Trust have the ability to control water levels at short notice	Ensure race committee have appropriate contacts		2	Α	Low	Х	Х	x x	(
7				Weed, visible and invisble	Pennywort floats and is managed actively, hidden weed is more difficult to identify	Rescue boats will check for weeds and othe hazards		2	Α	Low	Х	Х	x x	(
Weather														
1	Sudden bad weather causing un-rowable and/or dangerous conditions	Any key race official will stop racing. Any crews on the water will be moved into the most sheltered area and shepherded back to the landing stages by rescue boats.		Boats capsize or are swamped	Rescue launches are in attendance at key strategic points on the course and are all equiped with two way radios.	Ensure that there is sufficient safety cover. Check equipment prior to use.	Cold water immersion leading to mild hypothermia	3	С	Moderate	х	х		
2				Crew or Coxes trapped in boat	Coxes' life jackets checked by Officials prior to going afloat to race. Particular attention paid to "front loader" boats (unlikely to be many of these at this regatta).	Ensure that Officials checking equipment have instructions and a checklist		3	С	Moderate	Х	Х	×	(

		1		<del>-</del>	T	T					1	
Cold Weather (Winter Event)	Poor weather scheduled not severe enough to cancel event	Race Commission to monitor weather forecast	Crews and Officials cold and wet leading to Hypothermia	Ensure all crews and Officials have adequate clothing	Race Committee and Safety Advisor to monitor developing weather patterns and consider actions including liliting crew types for racing.	Hypothermia	3	С	Moderate	Х	X	x
Possibility of electrical storm	Provisions laid down in the document "Developing an action plan for risk from lightning" available from British Rowing to be followed:-	Ensure that Marshals, Officials, Coaches and crews are adequately briefed.	Rower or official struck by lightning	Provisions for first aid, medical treatment, and casualty evacuation to hospital.	Ensure that first aiders, etc., are competent and properly equipped.	Electrical burns, shock	3	В	Low	Х		
	flash-to-bang count is 30	Chairman, Safety Adviser, Starter.					3	В	Low	Х	х	
	All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman using radios in rescue launches. Transport to be available to move rowers from the bank to areas of safety.	Ensure that Marshals, officials, Coaches and crews are adequately briefed.					3	В	Low	x		
				Other water users	l		<u> </u>	<u> </u>				
Many Boats on the water	Marshals with megaphones and 2- way radios located at key points of the course to be vigilant for potential collisions and to take actions to minimise any collisions.	Ensure that Marshals are properly equipped and briefed	Collision	Bow balls, heel restraints and buoyancy compartment aids may	Include in briefing for Control Commission		2	С	Low	Х	x	
	No warming up or practice starts are allowed in the navigation channel.	Ensure that this is included in the information and briefing to coaches and crews.		Competitors and coaches are responsible for ensuring that their boats are safe and are prepared to the required standards at all times including practice.	Include in information to Clubs					Х	х	
	No crews are allowed on to the course unless for a race itself.	Ensure that this is included in the information and briefing to coaches and crews.								Х		
	Pleasure craft are not normally in use at this time of year, and existing boat users are warned of the event.	Ensure Marshalls understand the		Canal and River Trust to authorise marshalls to enforce and inform of any breaches.	Distribute notices to local river users with information about temporary closures.					Х		
Racing	In accordance with British Rowing's rules of racing.	Include this fact in information for competitors	Collision between 2 racing crews during a race	If a clash becomes serious and is likely to damage equipment or athletes, the Marshall should stop the race.	Ensure that Officials are properly equipped and briefed		3	В	Low	Х		
	Marshalls at stations along the course to instruct the crews to move apart (or for one out-of-station crew to move into their own water).	Remind Marshalls								х		
Racing			Injury of athlete during a race (e.g., hit by blade as a result of a crab, hit by another boat in a collision, etc.)	Official contacts Race Control, who summons lifeguards and safety boat to assist and alerts Medical Officer and First Aid by radio.	Ensure that Officials and Race Control are properly equipped and briefed		3	В	Low	x		
				Local Environment								
Overhanging trees and reed beds on the route to the start	Warn crews and scullers to avoid trees and reedbeds	Include in briefing to competitios and marshals	Crews or scullers blown into the overhanging trees	Assist with safety launch	Ensure that there is sufficient safety cover. Check equipment prior to use.	Rowers entangled in tree or reeds (minor inconvenience, no damage)	1	С	Low	Х		
	Possibility of electrical storm  Many Boats on the water  Racing  Racing  Overhanging trees and reed	Provisions laid down in the document "Developing an action plan for risk from lightning" available from British Rowing to be followed:  "Suspension and resumption of racing should follow the 30/30 rule: racing should follow the 30/30 rule: racing should follow the 30/30 rule: racing should follow the 30/30 seconds, and should not resume until 30 minutes after the last lightning."  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman using radios in rescue launches. Transport to be available to move rowers from the bank to areas of safety.  Marshals with megaphones and 2-way radios located at key points of the course to be vigilant for potential collisions and to take actions to minimise any collisions.  No warming up or practice starts are allowed in the navigation channel.  No crews are allowed on to the course unless for a race itself.  Pleasure craft are not normally in use at this time of year, and existing boat users are warned of the event.  Racing  In accordance with British Rowing's rules of racing.  Marshalls at stations along the course to instruct the crews to move apart (or for oout-of-station crew to move into their own water).	Provisions laid down in the document "Developing an action plan for risk from lightning" available from British Rowing to be followed:  "Suspension and resumption of racing should follow the 30/30 rule: racing should stop when the flash-to-bang count is 30 seconds, and should not resume until 30 minutes after the last lightning."  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman and all members of Race Committee.  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman and all members of Race Committee.  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman and all members of Race Committee.  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee Chairman and all members of Race Committee.  All crews to leave the water immediately, instructions from Safety Adviser or Race Committee.  Besure that Marshals, officials, Coaches and crews are adequately briefed.  Ensure that Marshals are properly equipped and briefed sections to minimise any collisions.  No warming up or practice starts are allowed in the average and crews.  No crews are allowed on to the course unless for a race itself.  No crews are allowed on to the course unless for a race itself.  Pleasure craft are not normally in use at this time of year, and existing boat users are warmed of the event.  Racing  In accordance with British Rowing's rules of racing.  Marshals at stations along the course to instruct the crews to move apart (or for one out-of-station crew to move into their own water).  Racing  Overhanging trees and reed  Warn crews and scullers to avoid Include in briefing to competitios	Provisions laid down in the document "Developing an action available from British Rowing to be followed:  "Suspension and resumption of racing should follow the 30/30 rule round 100 millor tracing should follow the 30/30 rule round 100 millor starting should follow the 30/30 rule round 100 millor starting should stollow the 30/30 rule round 100 millor starting should stollow the 30/30 rule round 100 millores after the last lightning:  All crews to leave the water immediately instruction from Safety Adviser or Race Committee. Interest to leave the water immediately instruction from Safety Adviser or Race Committee. Transport to be available to move reverse from the bank to areas of safety.  Marshals with megaphones and 2 way radice located at key points are allowed in the navigation channel.  No warming up or practice starts are allowed in the navigation channel.  No rerws are allowed in the navigation channel.  No crews are allowed on to the course unless for a race itself.  Pleasure craft are not normally in use at this time of year, and existing boat users are warmed of the event.  Racing  In accordance with British Rowing's rules of racing.  Remind Marshalls  Remind Marshalls  Collision between 2 racing crews competitions.  In liquing of athlete during a race (e.g., left by belieds as a result of a crob. his by another boal in a collision, etc.)	Provisions laid down in the downert "Developing an action plant for the first first first first first griting" and the first f	Passability of electrical errors  Provided months of the control o	Provided worder (West Deep Provided States)  Provided States (1997)  Provided	And weather (Winner Cyren)  Providers tailed about it is a second consideration of the consid	Commence Columns and control to c	Communication control and control cont	Contract in National Section of Section 2015. 2	Weils Disease and other waterborne infections	Remind water users of the risk		Capsize or other entry in to the water	Ensure all water users wash hands after being afloat	Washing Facilities include soap and water.	Weils Disease. Other stomach infections.	2	E	Low	Х	Х	Х	
					Going afloat and landi	ng		•	_					
1	Congestion in the boating area	Crews are to be called for boating strictly by rotation and in sequence.	Ensure that Marshalls, coaches and crews are adequately briefed	Collision in boating area	If rescue is required, this will be co-ordinated by Regatta Control via 2-way radios.	Ensure that Marshalls are properly equipped (radios, throw lines, etc.) and adequately briefed.	Minor injury or Cold water immersion leading to mild hypothermia	2	С	Low	x			
	Handling boats on land													
1	Boats being moved in the presence of pedestrians and cyclists	Public space, no restrictions on public movements	Include in briefing to competitors and marshals	Collision of boat or cyclist with pedestrian.	Marshall contacts Race Control, who summons alerts Medical Officer and First Aid by radio.	Ensure that first aiders, etc., are competent and properly equipped. Check that radios work properly and that users are competent to use them.	Slight physical injury	2	С	Low	Х			
2		Marshals and coaches to supervise boat movements at all times	Include in briefing to competitors and marshals	Collision of boat or cyclist with pedestrian.										
				Faulty, incorred	tly set and poorly mair	ntained equipment				<u> </u>				
1	Failure of Rescue launch	All rescue boats and engines checked in week prior to event. Race will continue; Marshalls have full sight of the course from the start line and can use megaphone to control most of the race – finish judges to take control over last 150m.		Launch breaks down during a race	Any available launchs in the vicinity will take over the duties	Ensure that launch drivers are appropriately briefed.		2	В	Low	х			
2					Launch driver will radio to Race Control to advise of problem; Race control to summon rescue launch to retrieve the broken- down launch and recover to the boat house for repair.	Ensure that communications are effective.		2	В	Low	Х			
				Pre-existing he	ealth conditions and lov	w levels of fitness				_				
1	Pre-existing health conditions	Clubs are responsible for ensuring all competitors are competent to row the course without putting themselves an others at risk	Notice and reminders to rowers and coaches.	Collapse of athlete on landing stages (e.g., asthma attack or serious fall)	Official contacts Race Control, who summons safety boat to assist and alerts Medical Officer and First Aid by radio.	Ensure that Officials are properly briefed and equipped and that there are competent, well equipped first aiders, etc.	Serious health implications for competitor	3	В	Low	X			
2	Cardiac Arrest	Clubs are responsible for informing the Organising Committee if they have athletes with any pre or existing health conditions that will impact their safety and that of others	Notice and reminders to rowers and coaches.	Collapse of athlete during a race (e.g., asthma attack)	Emergency Repsone Plan	Ensure that all Officials are properly briefed and equipped and that there are competent, well equipped first aiders, etc.		3	С	Moderate	Х			
					Other									
1	Use of towpath by cyclists and pedestrians	Cycling is permitted in the spectators' area.	Ensure that Marshalls, coaches and crews are adequately briefed	Collision involving cyclists and pedestrians on the towpath	Provisions for first aid, medical treatment, and casualty evacuation to hospital.	Ensure that first aiders, etc., are competent and properly equipped. Check that radios work properly and that users are competent to use them.	Minor injury to spectators and cyclists	2	В	Low	Х			
2	Fire in the buildings	Cooking is taking place	Safe operation of cookers	Fire around cooking area	Ensure Fire Extinguishers are easily to hand	Ensure Tea Tent operators know where fire extinguishers are located and how to raise the alarm (horn)	Serious damage to people and buildings.	3	В	Low			Х	Х
3	Fire whilst refuelling	Boats may need refuelling during the event	Refuelling must be ashore	Spillage or Fire	Refuel ashore, use appropriate funnels, ensure fire extinguishers are available	Ensure Fire Extinguishers are correct type (not water)	Damage to person refuelling	2	В	Low		х	Х	
4	Obstruction of Marshals sight lines by Spectators			Marshalls are unable to supervise boat movements	Ensure barriers are in place around marshalls stations	Ensure they remain in place throughout the event		2	В	Low	х			

5	Safeguarding	Marshalls and Coaches are unaware of the welfare officer details	Ensure Welfare Officer details are in the safety notes	Complaint by competitor or coach	Ensure complaints are handled appropriately	Keep a record of complaints	Welfare issues	1	A	Low	Х	Х	Х	
6	Safeguarding			Suspicious Activity or filming	Approved or known photgraphers	Check identity	Publication of pictures without permission	1	В	Low	Х	х	х
